

A View From the Top

Deneen DeFiore

Chief Technology & Risk Officer

GE Aviation

Digital transformation is here...

GE Aviation Cyber Security & Tech Risk

- 1 | Leverage defense & sector intelligence to understand threats
- 2 | Build custom tools to find threats that are undetectable with commercial tools
- 3 | Extend solutions and capabilities to strategic partners, suppliers, and JVs

Key Digital Risk Trends

Pace
of new
technology

“Perfection”
will kill
speed &
progress

Data &
flow
beyond
boundaries

3rd party risk

Ever-
evolving &
increasingly
disruptive
cyber
threats

Stay
a few steps
ahead

More
&
more
regulations

Reactive
at
best

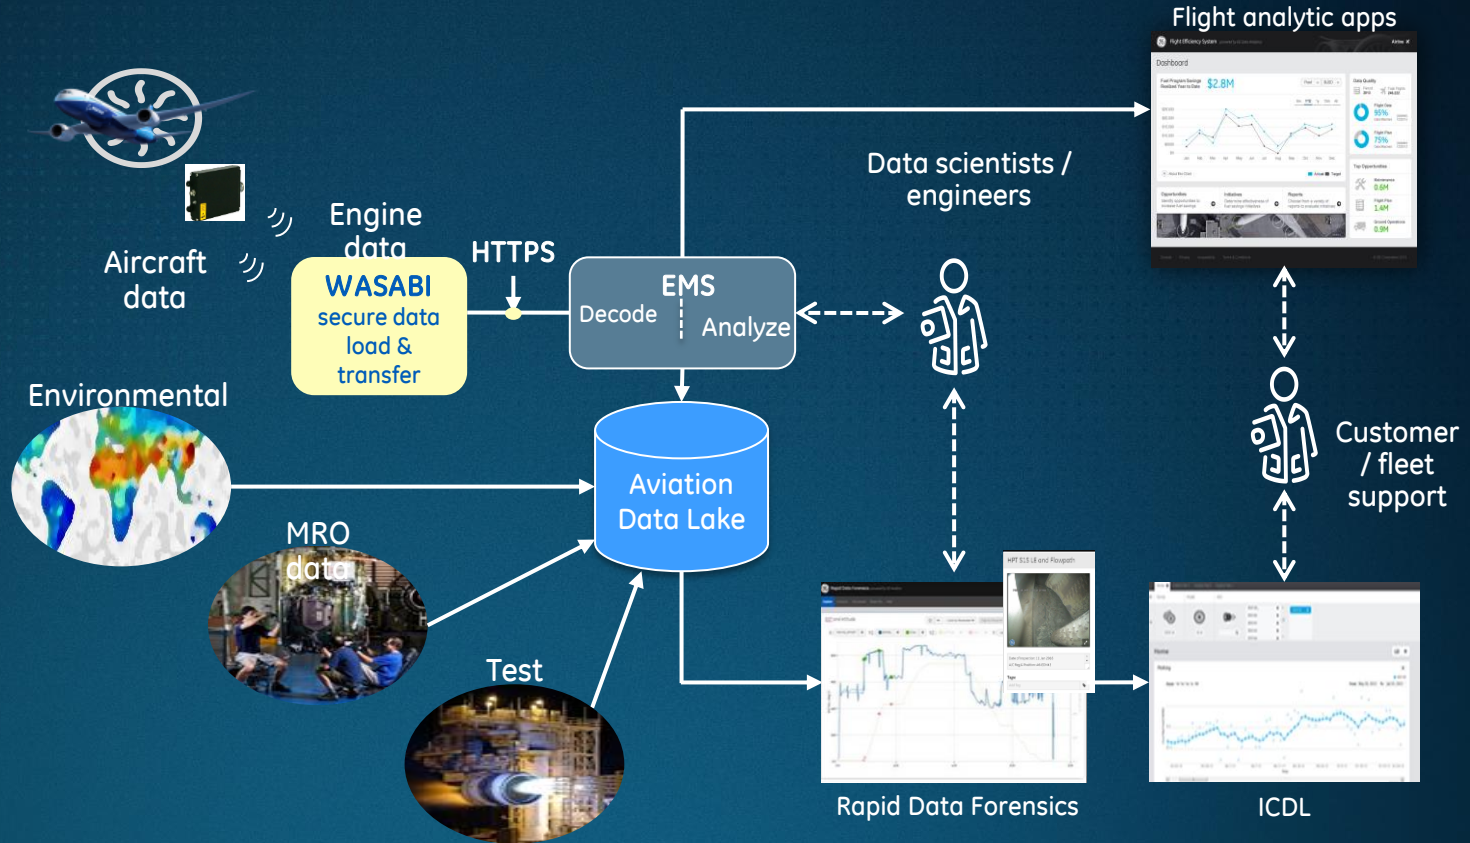

There is no
blueprint
for a Digital
Industry

We are
writing
it

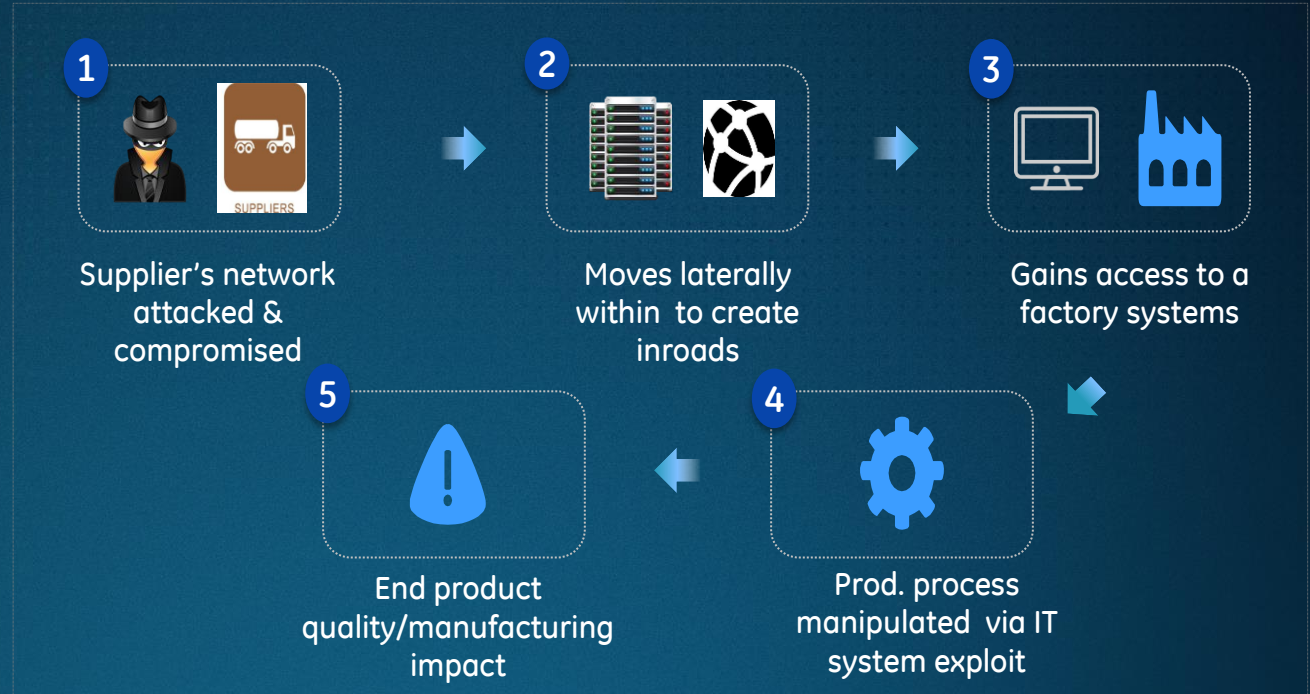

Data Flow.. Wing to Wing, Simple, Secure

Pace of new technology

“Perfection” will kill speed & progress

Managing 3rd Party Risk

Cyber attack methods

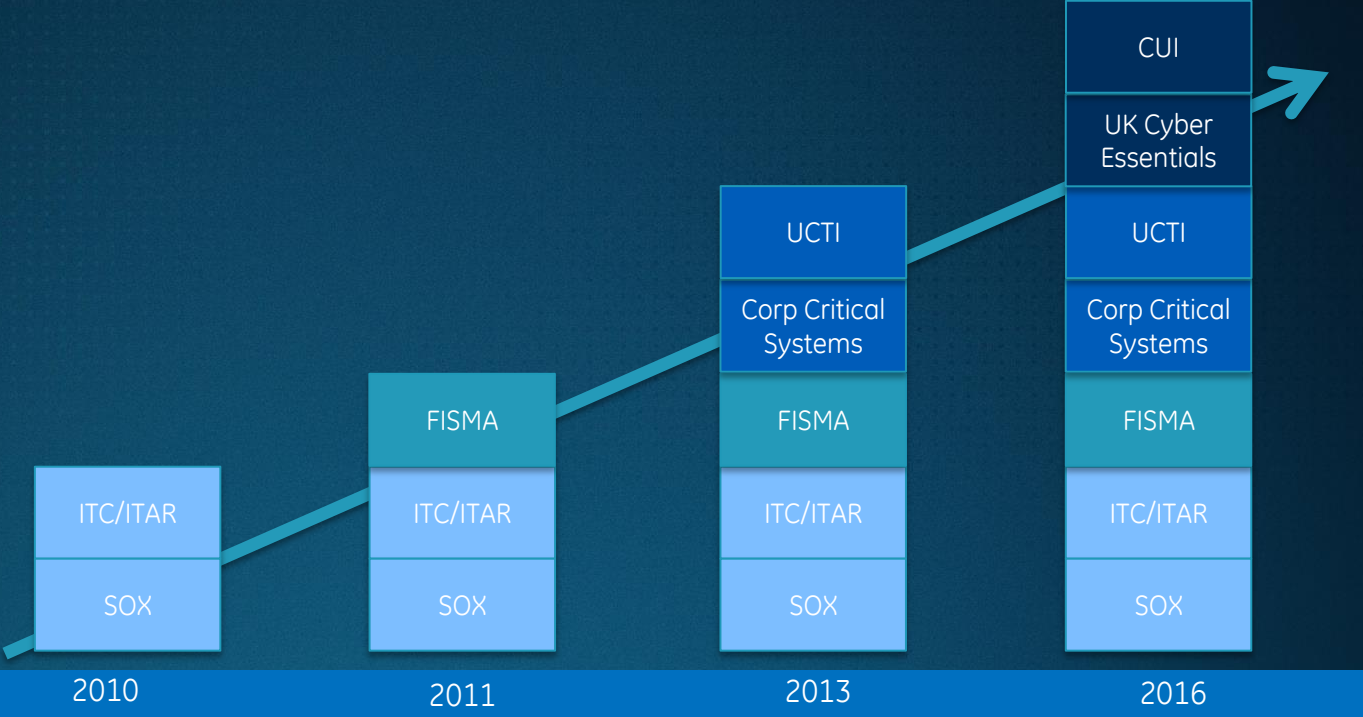

(a- Verizon data breach report)

Regulatory IT Compliance Landscape

More & more regulations

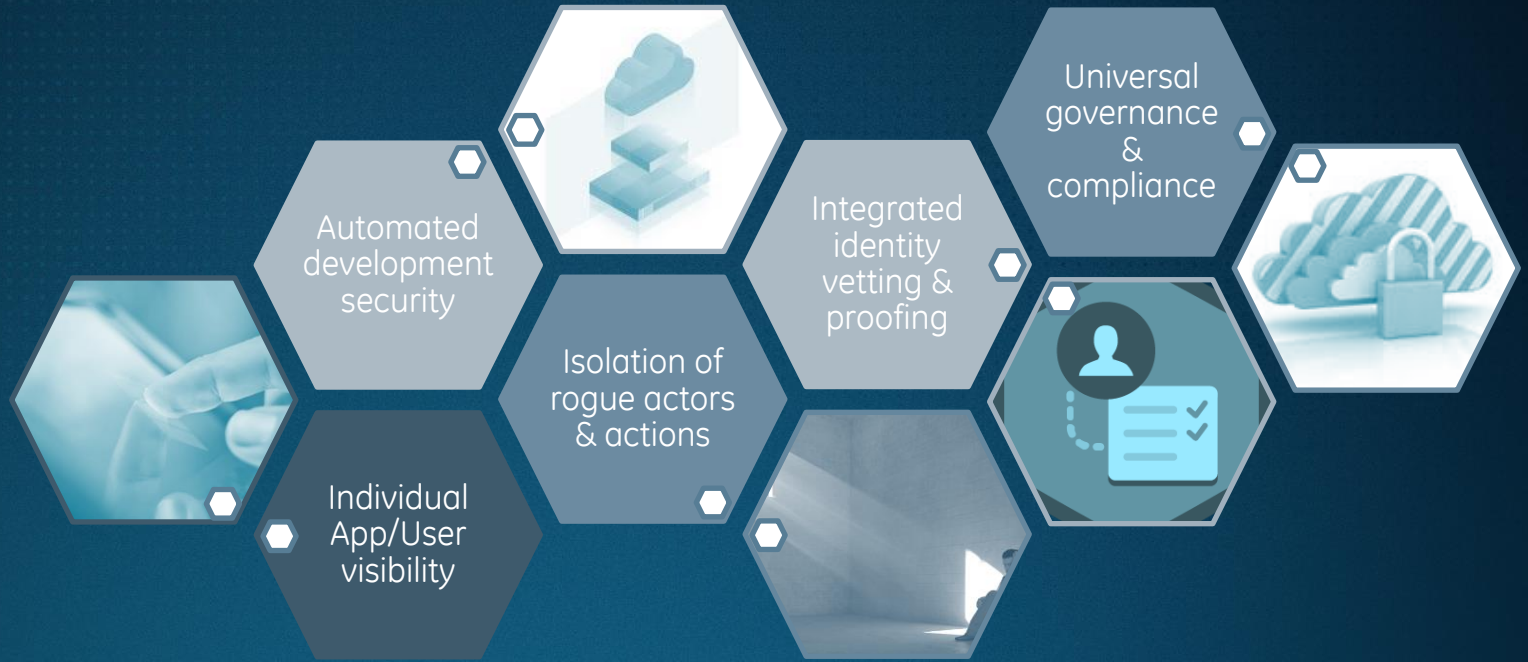

Reactive at best
